# GP-6S<sup>®</sup>

**An evolution of a classic! \$899.<sup>95</sup>**

Snell SA2005  
Certified

Using the same shell shape as the GP-6(PED) & GP-6RC, the GP-6S provides a level of affordability while maintaining a host of features and innovations.

The GP-6S utilizes the same shield as the GP-6(PED) as well as the same larger eye port size for increased peripheral vision.

Using the familiar single intake, single exhaust found on the GP-5k the GP-6S replaces, the forward vent has been enlarged to improve air intake and improve overall ventilation performance.

Constructed using proprietary “cLc” (Complex Laminated Construction) the GP-6S maintains light weight, while providing incredible shell strength and flexibility.

A stronger shell allows Arai to use an extremely soft interior EPS liner for maximum comfort and excellent impact energy management.

The GP-6S, like the GP-5k that came before it, is designed with the sport (hence the “S” designation) driver in mind.

# Key features of the new GP-6S

- Positive shield lock mechanism provides solid latching, while allowing normal operation of the shield.
- Designed to be an integral component of the shield system and function, not just an add-on afterthought.
- The simplicity of the function masks the complexity of the design.
- A feature taken directly from the new GP-6(PED).

- New shield pivot hardware improves aerodynamics.
- Wider eye port for increased peripheral field of view.
- Type “6” 3mm shield.
- Shield, pivot hardware and wider eye port are all the same as used on the new GP-6(PED) model.
- Type “6” components are exclusive to Generation-6 models.

- Large, closeable, intake vent combined with a larger 10mm hole greatly increases air intake.
- Larger 10mm rear vent hole further increases airflow.

- Newly integrated seats for HANS® posts.
- Pre-drilled shell to better facilitate proper installation.
- Flat surface to allow anchor post bases to rest flush with the surface of the shell around the entire perimeter of the base.

- Newly sculpted chin bar and ridge along lower edge of shell to improve structural integrity.
- Provides a stronger shell near the opening where it is needed as well as lowers the Center of Gravity.
- Rise in shell above the shoulders for added clearance.

## Parts, Accessories and Pricing

Arai Part#	Description	Price	Arai Part#	Description	Price
1280	GP-6 SHIELD Standard, Clear	79.95	1386	GP-6 TEAR-OFF Clear (5pak)	10.95
1281	GP-6 SHIELD Standard, Dark-Tint	79.95	2403	GP-6 SCREW/PIVOT KIT	12.95
1282	GP-6 SHIELD Standard, Light-Tint	79.95			
1283	GP-6 SHIELD Standard, Amber Coated	94.95	4900	Delta-5 Front Vent Clear	12.95
1284	GP-6 SHIELD Standard, Yellow Coated	94.95	4901	Delta-5 Front Vent White	12.95
1285	GP-6 SHIELD Mirror Coated, Orange/Red	149.95	?	Delta-5 Front Vent Tint	12.95
1286	GP-6 SHIELD Mirror Coated, Silver	149.95	?	GP-6S Rear Vent, Clear	16.95
1287	GP-6 SHIELD Mirror Coated, Blue	149.95	4890	GP-6S Rear Vent, White	16.95
1288	GP-6 SHIELD Mirror Coated, Green	149.95	?	GP-6S Rear Vent, Tint	16.95
1290	GP-6 A/F SHIELD, Anti-Fog Clear	114.95	*	GP-6S Complete Vent Set (Front & Rear)	27.95
1291	GP-6 A/F SHIELD, Anti-Fog Dark-Tint	114.95			
1292	GP-6 A/F SHIELD, Anti-Fog Light-Tint	114.95			
1295	GP-6 Dual Pane Shield, Rain Clear	129.95	1586	HELMET STORAGE BAG/SACK	17.95
1296	GP-6 Dual Pane Shield, Rain Light-Tint	129.95	1602	ARAI GP GEAR BAG	384.95
